**Grade 5** - Phillip Island Adventure Resort, Cowes  
Wednesday 24th July to Friday 26th July

**Grade 6** - CYC City Camp, Melbourne  
Monday 28th October to Wednesday 30th October

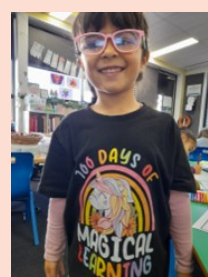

## ***A word from Mrs Cooney...***

It has been another exciting two weeks at Broadford Primary School since our last newsletter with our grade 5 students experiencing camp at Phillip Island and our Foundation students celebrating 100 days of school.

Our students embarked on an unforgettable adventure to Phillip Island, where they had the opportunity to learn outside the classroom and connect with nature and participate in adventure activities. The camp was filled with various activities that challenged and engaged our students. They also had the opportunity to visit the Penguin Parade, where students observed the adorable little penguins returning to shore at sunset. Students demonstrated resilience, teamwork, and leadership throughout the camp. They supported each other, made new friends, and created memories that will last a lifetime. A special thank you to our dedicated staff and parent volunteers who ensured the camp was a safe and enriching experience for all.

Another significant milestone we celebrated this week was the 100<sup>th</sup> day of school for our Foundation students. This special day marks a key moment in their educational journey, reflecting the progress and achievements they have made since the beginning of the school year. Our Foundation classrooms were filled with excitement as students participated in various activities centred around the number 100. The joy and enthusiasm on their faces were truly heartwarming, and it was a wonderful reminder of the importance of these early learning experiences.

## **Olympic Sports Day**

Over the last couple of weeks, students have been integrating the Paris Olympic Games into their learning. Next Friday we are looking forward to participating in a whole school Olympic event. Students and staff have been allocated countries and will participate in a number of sporting events throughout the morning. You are welcome to come along and cheer the teams on. The day kicks off with the Opening Ceremony at 9am.

## **Parent/Carer Survey**

Earlier this week you would have received a compass post related to our Parent/Carer survey. The survey is designed to assist schools in gaining an understanding of families' perceptions of school climate, student behaviour, and student engagement. Your feedback will help us to identifying areas for improvement and professional development needs in the school, to target school planning and improvement strategies. Please find below the link to the survey.

Survey Link: <https://www.orima.com.au/parent>

PIN is: **125365**

Please select the following options to enter the survey:

- School Name: Broadford Primary School
- Campus Name: Broadford Primary School

*Mrs. Jennene Cooney*  
*Principal*

# ART NEWS

Congratulations to Grade 5 student, Dusty Norton, who recently won the Mitchell Shire hArt of Mitchell Exhibition Junior Artist award!

Dusty's painting was titled 'Girl in the Watercolour Painting' and her award and prize were presented to her by Acting Mayor Nathan Clarke.

Dusty completed this work at 3 Brushes studio in Wandong.

Well done Dusty!

## BOOK FAIR HELPERS NEEDED

We are seeking Book Fair volunteers for our Book Fair.

Tuesday 6th August to Friday 9th August

Mornings: 8:30am – 8.45am

Afternoons: 3.25pm – 3.45pm

We are seeking volunteers to assist with sales and displays.

If you are able to assist before or after school on any of the dates mentioned above, please send an email to [peta.smith@education.vic.gov.au](mailto:peta.smith@education.vic.gov.au) indicating your availability.

We thank you for your support.

The Book Fair Team

# MATHS IS ALL AROUND YOU

## TOP 5 TIPS FOR PARENTS

**Maths is all around you! You can explore maths while doing daily activities to help develop your children's maths and numeracy skills.**

### 1. MATHS IN COOKING

Cooking is all about maths! And it's something we can all do. Get children to read instructions, measure ingredients, and ask questions about the maths involved. Let them explore the

numbers, while being rewarded with a tasty treat! Extend this to maths in the veggie garden as you grow ingredients.

*Explore: Measuring and quantities, time, fractions, estimation, temperature.*

### 2. MATHS IN SPORT AND EXERCISE

Many children love sport, but often don't realise how much maths there is in it! Ask questions about performance statistics, compare and analyse players. Or try

footy tipping as a way to analyse team performance. Exercise is an opportunity! Estimate how far you will run today, and how long it will take. Use an app like Strava to record activity and look at the stats.

*Explore: Distance, time, speed, estimating, statistics, comparing, data and data display.*

### 3. PLAYING GAMES

Games are an awesome way to have fun with maths, any games with counting and dice help develop basic number sense. Many games explore money (Think Monopoly!), and puzzles often work with pattern and shape.

*Explore: Numbers, counting, addition, money, number recognition, pattern, shape.*

### 4. MONEY, SHOPPING AND BUDGETS

Have you ever given your children a budget to purchase the ingredients for a meal? What about shopping for their clothes? You could explore paying the bills, or calculating how

much it costs to run a car? What about budgeting for a holiday! Depending on your child's age there are plenty of activities to try.

*Explore: Money, calculating amounts, addition, subtraction, budgeting, tracking, estimating.*

### 5. JUST ASK QUESTIONS

Regardless of the maths you are exploring, the main strategy here is to ask questions!

Let your children explore, while you prompt them with questions to challenge

and expand their thinking. You don't need to know the answers you can work them out together!

*Explore: Maths in the media, fake news, global news.*
